Career Goal

It is my first and only wish to work on projects that will allow me to apply the theoretical knowledge I have learned in practice, to expand and practice my existing knowledge by finding the opportunity to work with experienced and valuable History teachers, to gain experience and to be able to perform the task given to me in the best way with the confidence given by this experience. My career goal is to make it work. It is a good History tutorial to teach students or people who are related to history to teach them about the past and to raise enlightened people for the future. I want to give students chronological, creation, critical, empathy thinking skills, teach them past History and guide their future.
